

Brighton Montessori Summer Adventure Day Camps

This summer, Brighton Montessori will offer an exciting **Summer Day Camp Program** for **children aged 2 ½ though 6**. The program is open to all Brighton Montessori students, their siblings, and any friends or neighbors, on a first come, first serve basis. If your child is enrolling as a new student for the 2008 - 2009 school year, the summer program offers an excellent opportunity to become acquainted with our school environment.

Theme related activities are planned to meet the **developmental needs of young children**. Each day will include a balanced mix of learning and play, active and quiet, as well as individual and group experiences. **The indoor and outdoor activities will incorporate science and art projects, stories, games, songs and snacks.**

Your child may sign up for any of the three themed based weeks. Each camp will run **Monday through Friday from 9:00 till 11:30 am**. The cost for the 1st week is \$115. If you register for more than one week, each camp will cost \$100 per week. A non-refundable deposit of \$65 for each week must be paid at the time of enrollment with the balance due on the first day of each session.

Please return the completed Registration and Sign Up forms along with the deposit as soon as possible.

Brighton Montessori Summer Adventure Day Camps

Insect Adventure: July 14 - 18

Calling all young entomologists! Campers will explore the miniature world of insects and spiders. Fun activities will focus on life cycles, unique characteristics, and the environment in which these small creatures live. Creativity will take flight when campers study butterflies, moths, and create their own special bugs.

European Adventure: July 21 - 25

Get your passports ready! Campers will be traveling to a different European country each day. On this exciting journey, an introduction to the customs and life style of each region will be explored. By celebrating other traditions with food, music, and stories, the children will begin to see the uniqueness of other cultures.

Gardening Adventures: August 4 - 8

How does your garden grow? Children will discover how all kinds of seeds sprout and grow. Campers will get out the gardening gloves and tools! Planting seeds in the school's garden and simple food preparation activities involving fresh fruits and vegetables are a few of the fun activities planned.
